Our Experience

With over 20 years of experience in garments merchandising and marketing, we have developed extensive expertise in the global apparel sourcing industry. Our team possesses in-depth knowledge of product development, costing, sourcing, vendor selection, production planning, quality assurance, compliance, logistics, and on-time shipment management.

Mission

"To connect global buyers with world-class manufacturing solutions through quality, integrity, innovation, and timely delivery—creating lasting value for our customers, partners, and communities."

Vision

To become a globally recognized and trusted garments buying house, setting the benchmark for excellence in sourcing, quality assurance, innovation, sustainability, and customer satisfaction. We aspire to build long-term partnerships by delivering exceptional value and contributing to the growth of the global apparel industry through responsible and ethical business practices.

OUR VALUE PROPOSITION

One Sourcing Partner. One Coordinated Process.

1

Product Development

Translate tech packs, sketches, images and references into commercially viable products.

2

Smart Sourcing

Match requirements with suitable factories, mills and suppliers based on capability, quality, capacity and price.

3

Merchandising

Coordinate samples, approvals, materials, timelines, production updates and buyer communication.

4

Quality Focus

Monitor key quality points from material stage through production and final inspection.

5

Production Follow-up

Track milestones, identify delays and coordinate corrective action.

6

Shipment Support

Coordinate packing, inspection, documentation and shipment readiness.

BUYER PROMISE |

Right Product • Right Factory • Right Quality • Right Price • Right Delivery

Merchandising & Product Development

Turning buyer concepts into production-ready products.

Our merchandising team coordinates the commercial and technical details that move an idea from development to bulk production

01 REVIEW

Tech pack, sketch, reference, fabric and target requirements

02 SOURCE

Factory, fabric, yarn and accessory options

03 DEVELOP

Proto, fit, size-set and pre-production samples

04 APPROVE

Buyer comments, revisions and approval milestones

05 PRODUCE

Materials, production progress and critical dates

06 SHIP

Inspection, packing and shipment readiness

Your Idea → Our Sourcing Expertise → Factory Development → Approved Product → Bulk Production

QUALITY & COMPLIANCE

Quality Built Into the Process — Not Added at the End

We coordinate quality control around the buyer's approved specifications and required standards, with attention to critical points throughout production.

1

MATERIAL

Fabric / yarn quality
GSM / composition
Shade / color
Trims & accessories

2

PROCESS

Cutting & sewing
Printing / embroidery
Washing / finishing
Production checkpoints

3

Why Partner with FK TEX?

A sourcing partner built around buyer priorities.

20+ YEARS EXPERIENCE

Deep practical experience in garment merchandising and marketing.

COMMERCIAL MINDSET

Focus on target price, product value, quality and delivery—not price alone.

SUPPLIER COORDINATION

Access and coordination across garments and supporting textile suppliers.

BUYER-FOCUSED COMMUNICATION

Professional communication designed for international business.

FLEXIBLE SOURCING

Solutions adapted to product category, quantity, specification and market.

LONG-TERM PARTNERSHIP

A reliable extension of the customer's sourcing function.
